

NEW Reduced Trash/Recycling Rates for Lexington Estates Homeowners

The Lexington Estates Homeowners Association Board of Directors has negotiated **reduced rates** for our homeowners with three trash/recycling collection companies. To take advantage of these rates, you **MUST** contact the collector and ask for the rate. If you'd like to change companies, you must cancel your current service, begin service with the new collector, AND request the negotiated rate. This rate will not automatically be given to you, based on your address.
